My dear - you gave no address & I do not know if just "Whittier" will reach you. Hope the cut & mashed fingers are all well & are this & all the other ailments. We are O.K. Invited to Bro. Sherrin's for Xmas dinner but as rural carriers have to work that day we will dine at home. Have not written your lady yet at Inglewood but may later. Hope you may have a very merry Christmas and a happy New Year. This includes all the family. Let me hear a line when you can. Mother Sherrin & daughter had to go home on account of illness there. So sorry for Irving. "Ea".
